Getting Started

Introduction

Sign-in

This user guide is produced for our valued client –**Philsaga Mining Corporation**.

Being a customized and easy-to-navigate user guide, we are giving our admins (Purchasing, Accounting, Logistics, Receiving, and ICT) the chance to exercise their independence to improve monitoring and organizing information appropriate to their requirements. This document contains all the essential information for the user to fully utilize the features and functions of each module.

Indent Monitoring System (IMS)

Philsaga Mining Corporation is one of the renowned companies in the Mining Industry. The company needs to uphold the best practices on safety and security in the overall operation of the plant.

The **Indent Monitoring System** yields a systematic way to monitor all PMC's indent purchases. IMS is a system mainly used by PMC's Davao Logistics. To monitor the shipment's transportation and broadcast its current status to all.

Purchasing section is responsible for procuring items and other resources required by the company. They're also in charge of the addition of PO information in the system. The Material Control Department handles the managerial activities relating to giving instructions or directions to ensure and maintain adequate quality of materials for the uninterrupted production process to minimize material cost per unit. Accounting Department is the administration responsible for preparing the financial statements, billing vendors, payroll, cost accounting, financial analysis, etc., for the flow of the procurement procedures of the PMC.

Sign-in Page

- It is the point of entry of the PMC **Indent Monitoring System** Admin Portal. A user needs to provide the correct credentials to gain access to the Admin Portal.

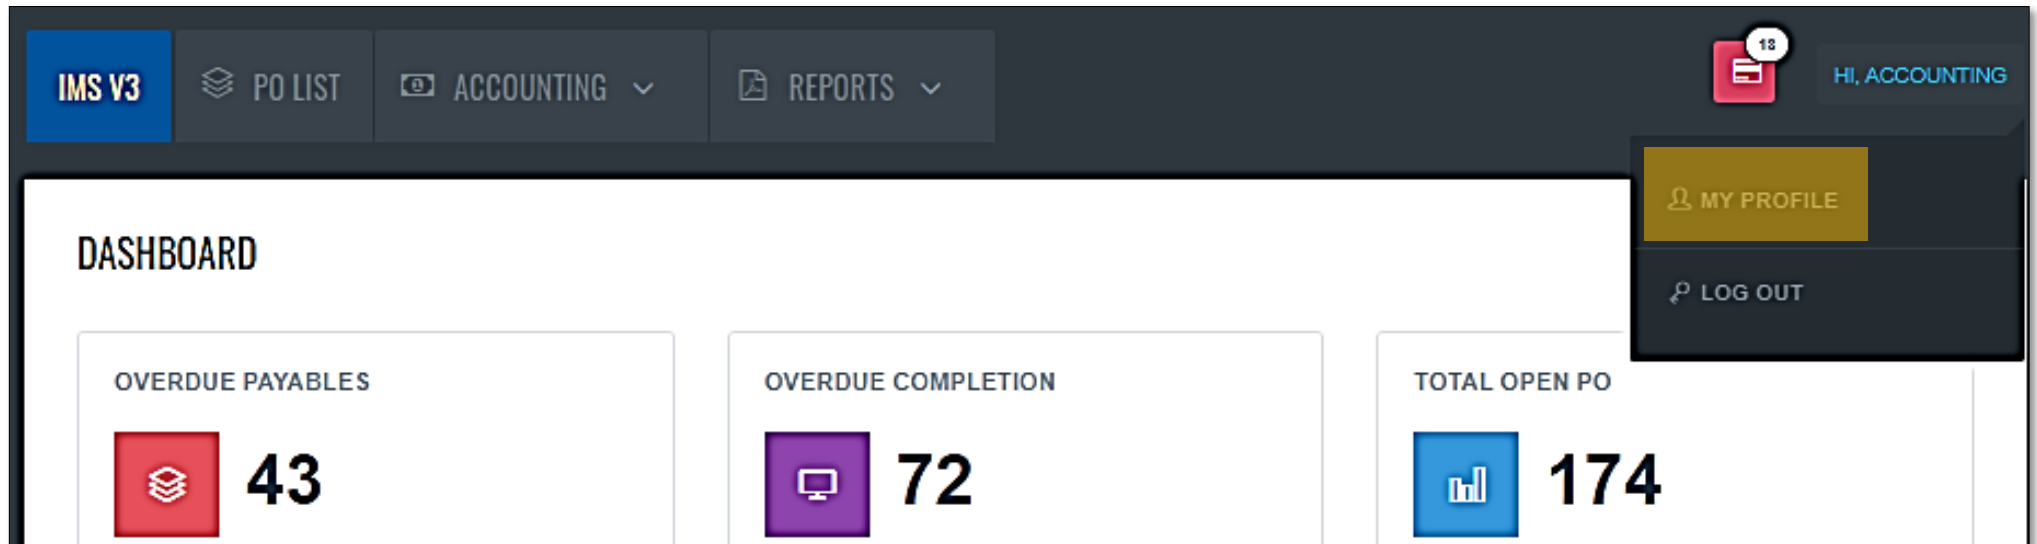

The image shows a sign-in page for the IMS v3 Admin Portal. The page is divided into two main sections: a green left sidebar and a blue right main area. The green sidebar contains two input fields: the top one is for the username, labeled 'Accounting' with a person icon, and the bottom one is for the password, represented by dots with a lock icon. Below these fields, the text '© 2021 PHILSAGA MINING CORPORATION' is displayed on the left, and a 'SIGN IN' button is on the right. The blue main area features the text 'IMS v3' in large white letters, separated from the sidebar by a thin vertical white line.

1. Go to the web address of the PMC – **Indent Monitoring System**.
2. Enter the following information:
 - **Domain Account**
 - **Password**
3. Click on the **Login** button to complete the process.

Admin Sign-in Page

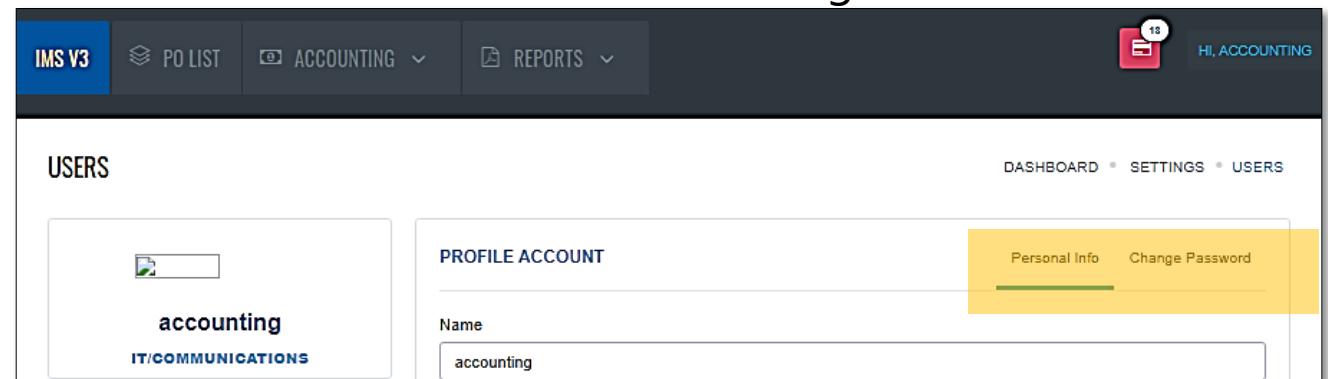

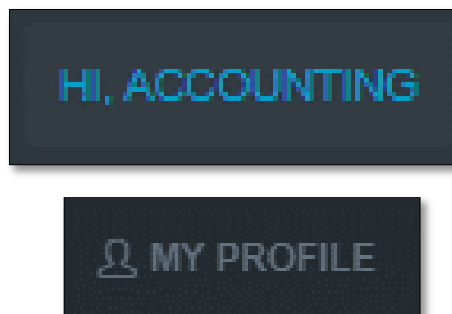

The image shows the Admin Sign-in Page for the Indent Monitoring System (IMS v3). The page has a blue background. On the left, there are two input fields: the top one is for the domain account, labeled 'Accounting' with a user icon, and the bottom one is for the password, represented by dots with a lock icon. Below these fields is a yellow 'SIGN IN' button. At the bottom left, it says '© 2021 PHILSAGA MINING CORPORATION'. On the right side, the text 'IMS v3' is displayed in large white letters.

My Profile

It is a Module that allows you to view your profile and change your password.

- Click on the **My Profile** option, and choose Personal Info or Change Password.

MY PROFILE

The screenshot shows the IMS V3 dashboard. At the top, there are navigation tabs: **IMS V3**, **PO LIST**, **ACCOUNTING** (with a dropdown arrow), and **REPORTS** (with a dropdown arrow). In the top right corner, there is a user profile icon with a notification badge showing '13', and the text 'HI, ACCOUNTING'. Below this is a dropdown menu with two options: **MY PROFILE** and **LOG OUT**. The main dashboard area is titled **DASHBOARD** and contains three summary cards:

- OVERDUE PAYABLES**: 43 (represented by a red icon)
- OVERDUE COMPLETION**: 72 (represented by a purple icon)
- TOTAL OPEN PO**: 174 (represented by a blue icon)

My Profile (Personal Info)

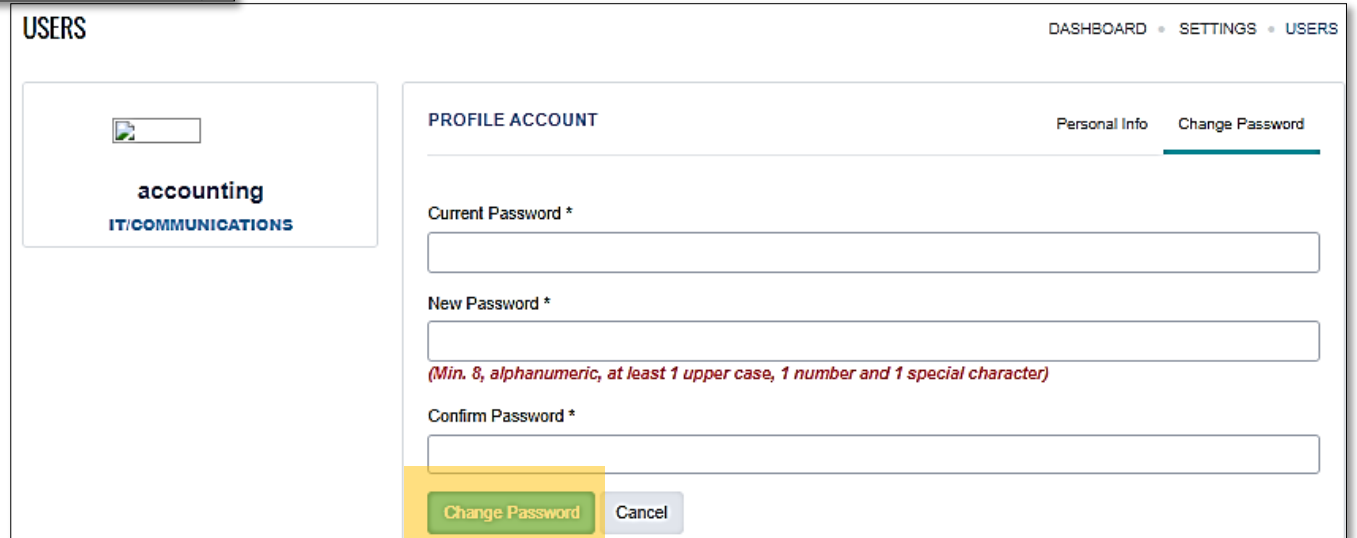

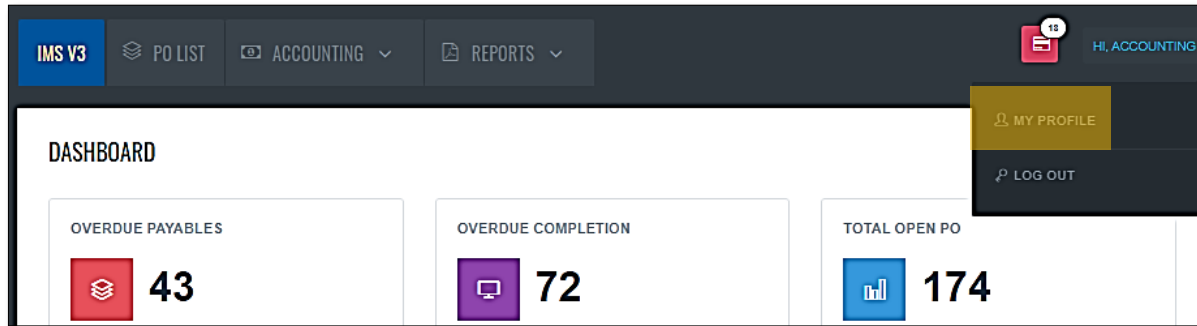

The screenshot shows the 'My Profile' page under the 'USERS' section. The breadcrumb trail at the top right is **DASHBOARD > SETTINGS > USERS**. On the left, there is a user card for 'accounting' with the department 'IT/COMMUNICATIONS'. The main area is titled **PROFILE ACCOUNT** and has two tabs: **Personal Info** (active) and **Change Password**. The form contains the following fields:

- Name**: accounting
- Domain**: accounting
- Role**: read write
- Department**: IT/COMMUNICATIONS
- Access Right**: accounting

A **Cancel** button is located at the bottom left of the form.

CHANGE PASSWORD

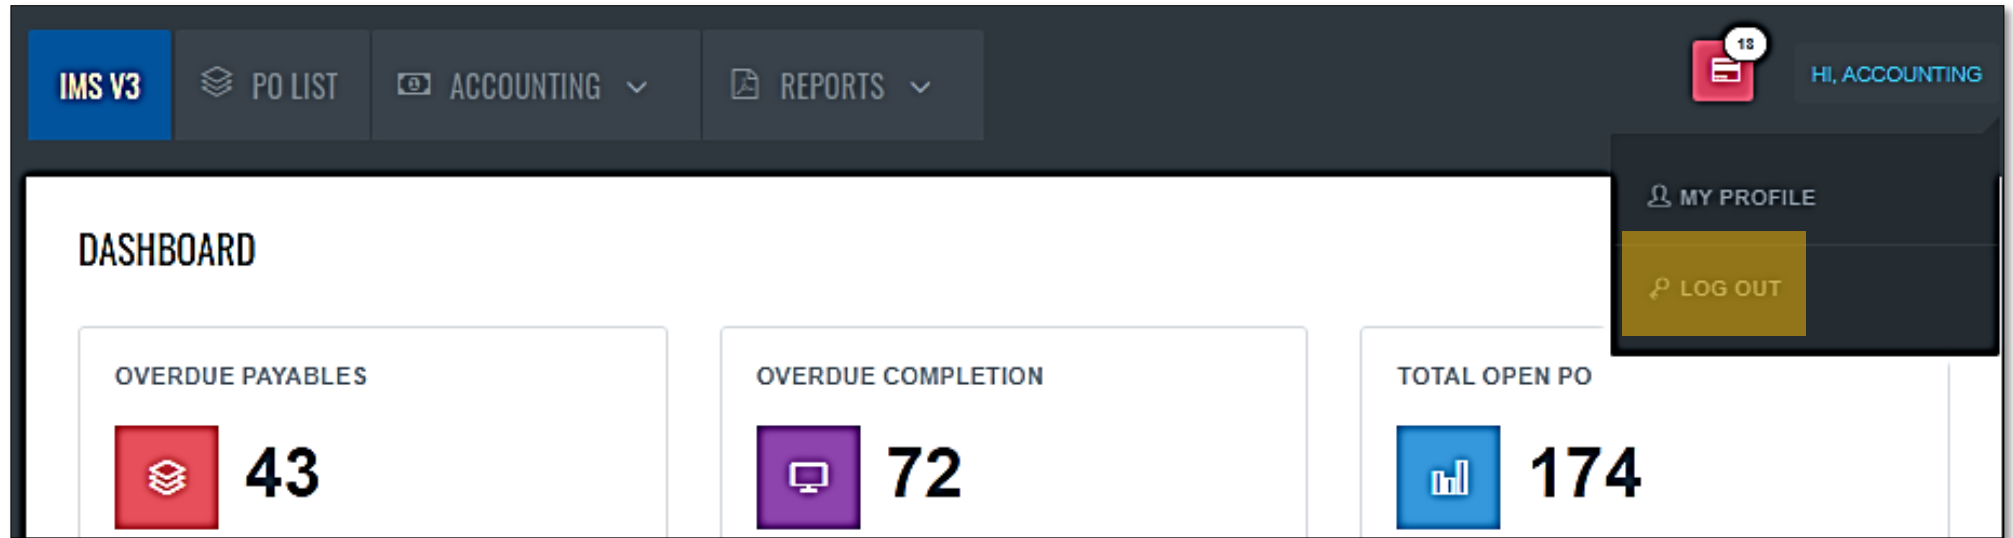

Change Password

Change Password is a feature that allows users to change the password for security purposes.

- Found on the top right of the Dashboard (**Hi, Accounting**) wherein you have the option to Change Password, but you must provide the old password to do so.
- Click on the **Change Password button**, then you will be routed to the login page. Log in using your new password to access the admin portal.

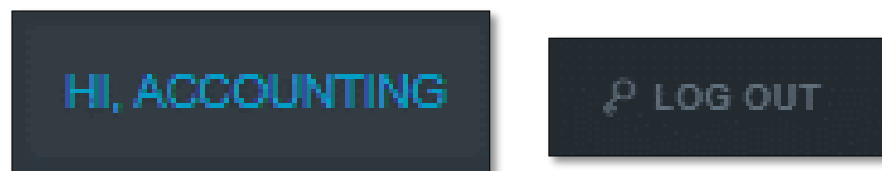

Log-out

It is a Module that allows you to end access on the system. Logging out informs the system that the current user wishes to end the **login** session.

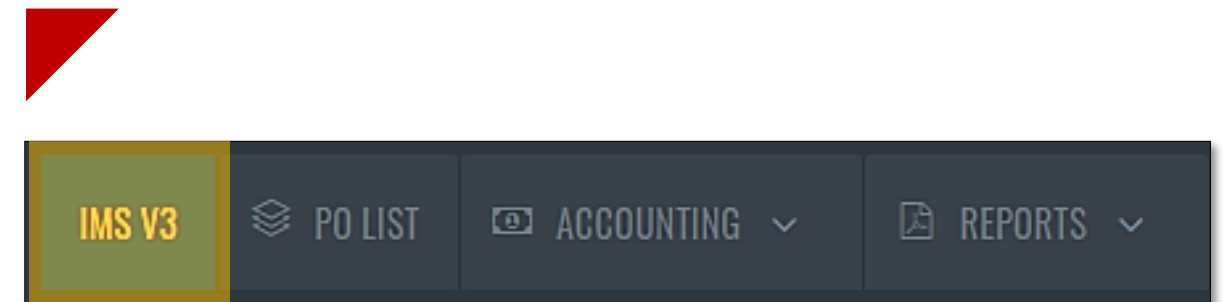

- **Logout** is a feature that allows users to Log out of the admin portal.
- Click on the **Logout** option, and it will route you to the login page.

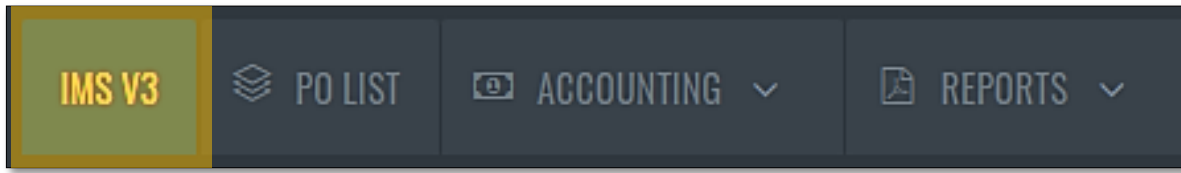

Chapter 2

DASHBOARD

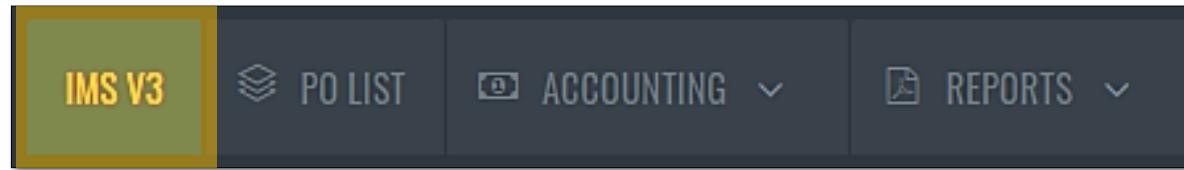

Dashboard

An **Indent Monitoring system** module that displays information and statistics on data to manage PMC's indent purchases efficiently.

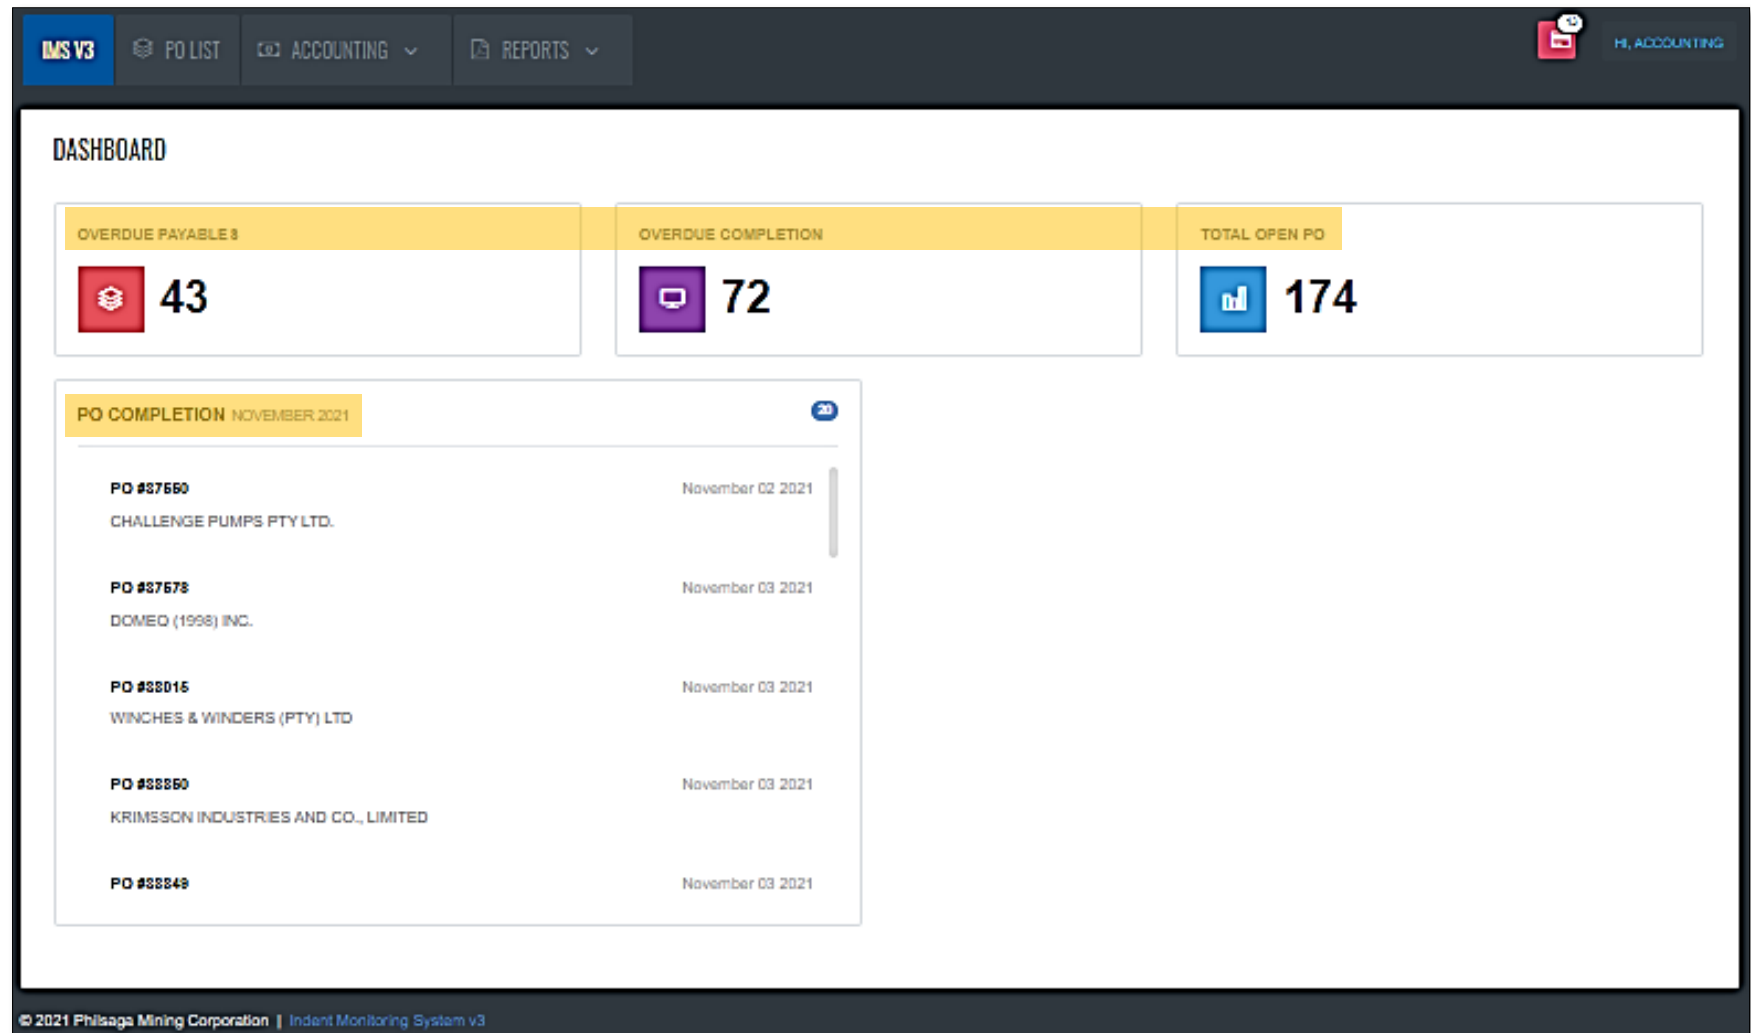

- Dashboard stands as the home page of the system.
- The IMS Dashboard consists of four (4) important details. These are the following:
 - ☐ Overdue Payables
 - ☐ Overdue Completion
 - ☐ Total Open PO
 - ☐ PO completion

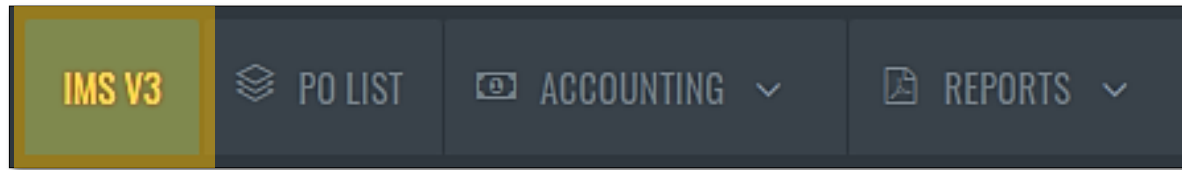

DASHBOARD

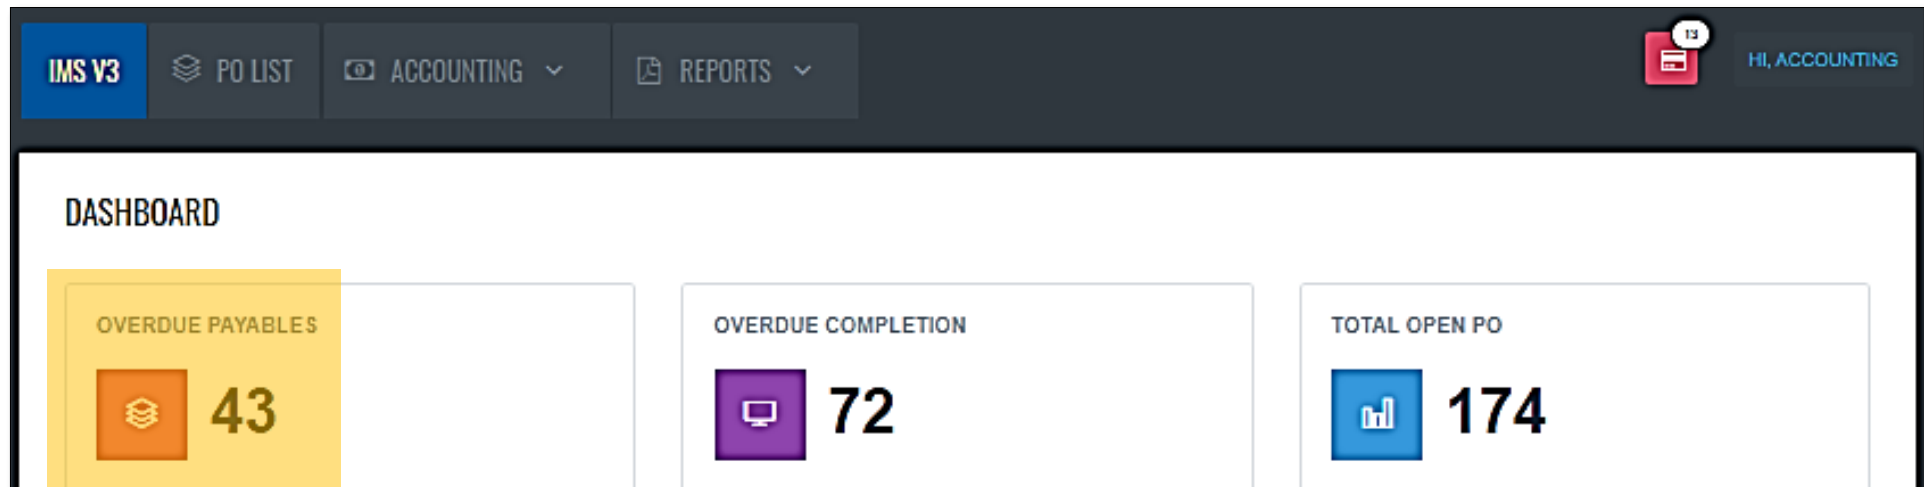

- Overdue Payables
- Overdue Completion
- Total Open PO
- PO completion

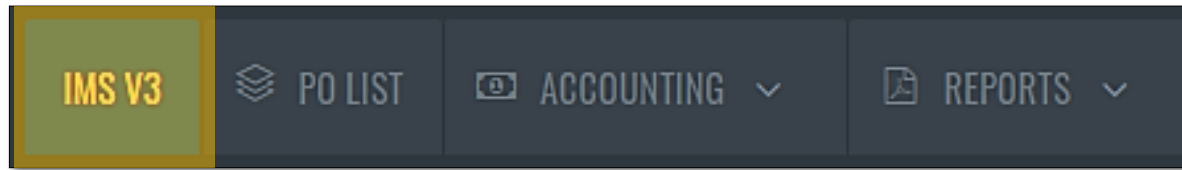

DASHBOARD - Overdue Payables

1. Go to the Dashboard (IMS V3 tab), and click the **Overdue Payables**.
2. The **Overdue Payables** screen will appear.

3. You may use the **Pagination** field to view more Overdue Payables records shown by the system.
4. Click on the Export button to generate an excel file.

DASHBOARD – PO Status

1. Go to the Dashboard (IMS V3 tab).
2. You may view the PO Completion on the lower half of the screen.

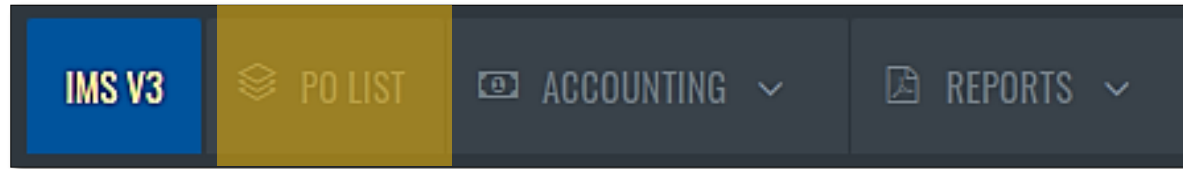

Chapter 3

PO LIST

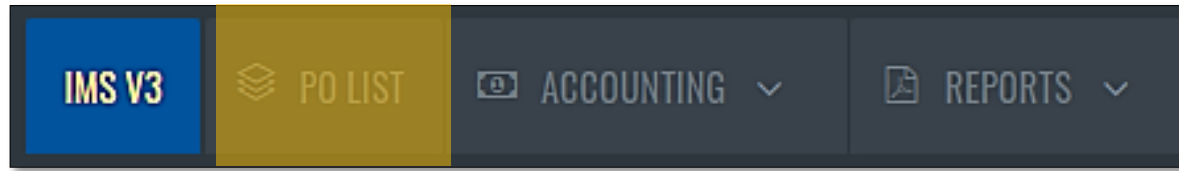

PO List

An **Indent Monitoring system** module that allows you to track the Purchase Order (PO). A purchase order (PO) is a commercial document and an official offer issued by a buyer to a seller indicating types, quantities, and agreed prices for products or services. It helps an establishment to control the purchasing of products and services from external suppliers.

- This module gives the user accurate reporting, KPI monitoring for each waybill, PO movement reports, and shows an updated database.
- It helps businesses manage the entire PO cycle, from creation to purchase order approval. These purchase order trackers offer the procurement team a way to be efficient in purchase order processing.
- The system helps standardize the process. It ensures compliance with policies, regulations, and contracts.

PO Summary List

1. Go to **PO List** to view the PO summary list.

ACCOUNTING

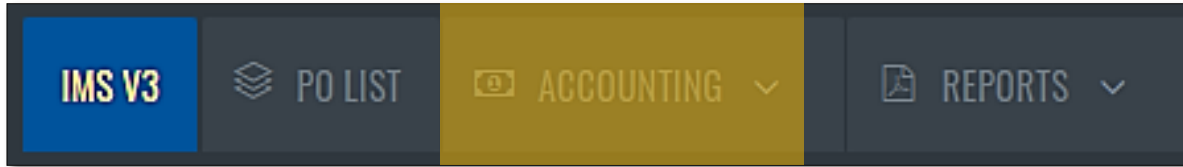

Accounting

An **Indent Monitoring system** module that allows you manage payments and overdue payables. This module consist of the following submodule:

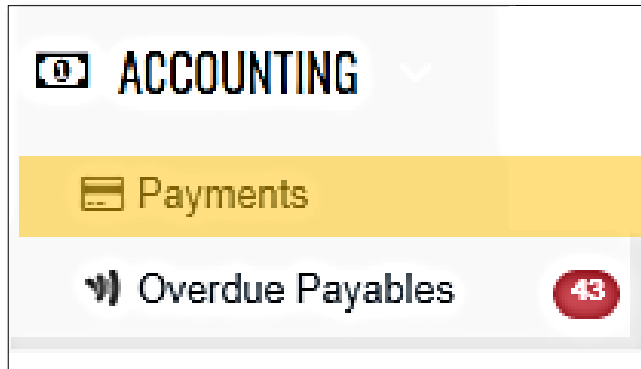

- ☐ Payments
- ☐ Overdue Payables

- Accounting department aims to collect all the financial data and prepare financial statement report.
- Having a system to monitor data can help to prepare budgets, forecasts, and other decision-making reports.
- Additionally, these reports are also used for communication with lenders, investors, and other stakeholder.
- The process in the accounting department must also be compliant with industry standards and company policies.

View Payments

1. Go to **Accounting**, and choose the **Payments** option.
2. You may use the **Search (Search PO Number)** field to limit the records for viewing, or the **Pagination** field to view the next page.
3. You will be able to view the PO number, Supplier, Payment date, Amount, currency, Remarks, Status, and Actions (view PO details, Mark payment as paid, Update payment, and Delete payment).

REPORTS

Reports

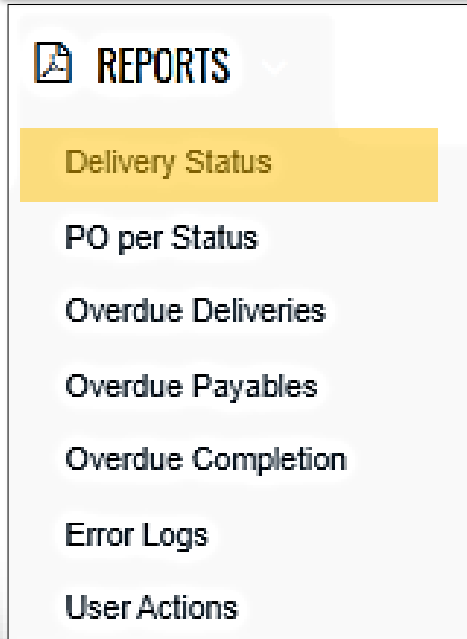

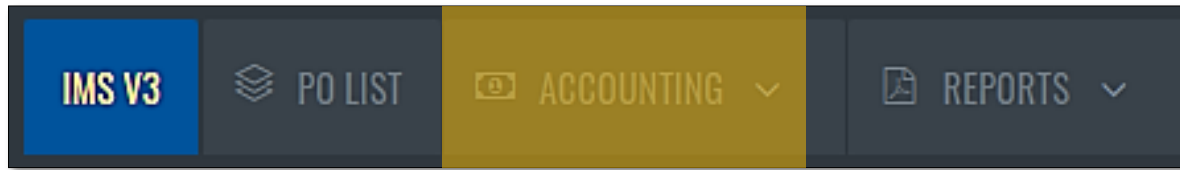

An **Indent Monitoring system** module that allows you to view and manage important information on your admin portal. This module consists of the following information:

- Delivery Status Per Waybill
- PO per Status
- Overdue Deliveries
- Overdue Payables
- Overdue Completion
- Error Logs
- User Actions

This module will give you insights on a complete tracking and management of Delivery and Purchase order status. Also, to track the overdue Deliveries, payables, and completion.

Note: Reports will only be accessible for viewing if authorization is given and defined on user role or access rights submodule. Otherwise, a message will appear on your browser that the user is unauthorized to view this page.

View the Delivery Status Report

1. Go to **Report** and choose the **Delivery Status** option.
2. The list of the **Deliver Status Per Waybill** will appear.
3. You may use the **Drop-Down Field** and the **Filter Field** (Date From – Date To) to limit the records for viewing or trim down records shown by the system.
4. Click on the **Export** button to generate an excel file.
