Introduction

Sign-in

The screenshot shows a web-based sign-in interface. On the left, there is a yellow box containing two input fields. The first field has a user icon and the text 'purchasing'. The second field has a lock icon and a series of dots representing a password. Below these fields is a small text line: '© 2021 PHILSAGA MINING CORPORATION'. To the right of the input fields is a blue box with the text 'IMS v3' in white. At the bottom right of the yellow box is a brown button with the text 'SIGN IN' in white.

This user guide is produced for our valued client –**Philsaga Mining Corporation**.

Being a customized and easy-to-navigate user guide, we are giving our admins (Purchasing, Accounting, Logistics, Receiving, and ICT) the chance to exercise their independence to improve monitoring and organizing information appropriate to their requirements. This document contains all the essential information for the user to fully utilize the features and functions of each module.

Indent Monitoring System (IMS)

Philsaga Mining Corporation is one of the renowned companies in the Mining Industry. The company needs to uphold the best practices on safety and security in the overall operation of the plant.

The **Indent Monitoring System** yields a systematic way to monitor all PMC's indent purchases. IMS is a system mainly used by PMC's Davao Logistics. To monitor the shipment's transportation and broadcast its current status to all.

Purchasing section is responsible for procuring items and other resources required by the company. They're also in charge of the addition of PO information in the system. The Material Control Department handles the managerial activities relating to giving instructions or directions to ensure and maintain adequate quality of materials for the uninterrupted production process to minimize material cost per unit. Accounting Department is the administration responsible for preparing the financial statements, billing vendors, payroll, cost accounting, financial analysis, etc., for the flow of the procurement procedures of the PMC.

Sign-in Page

- It is the point of entry of the PMC **Indent Monitoring System** Admin Portal. A user needs to provide the correct credentials to gain access to the Admin Portal.

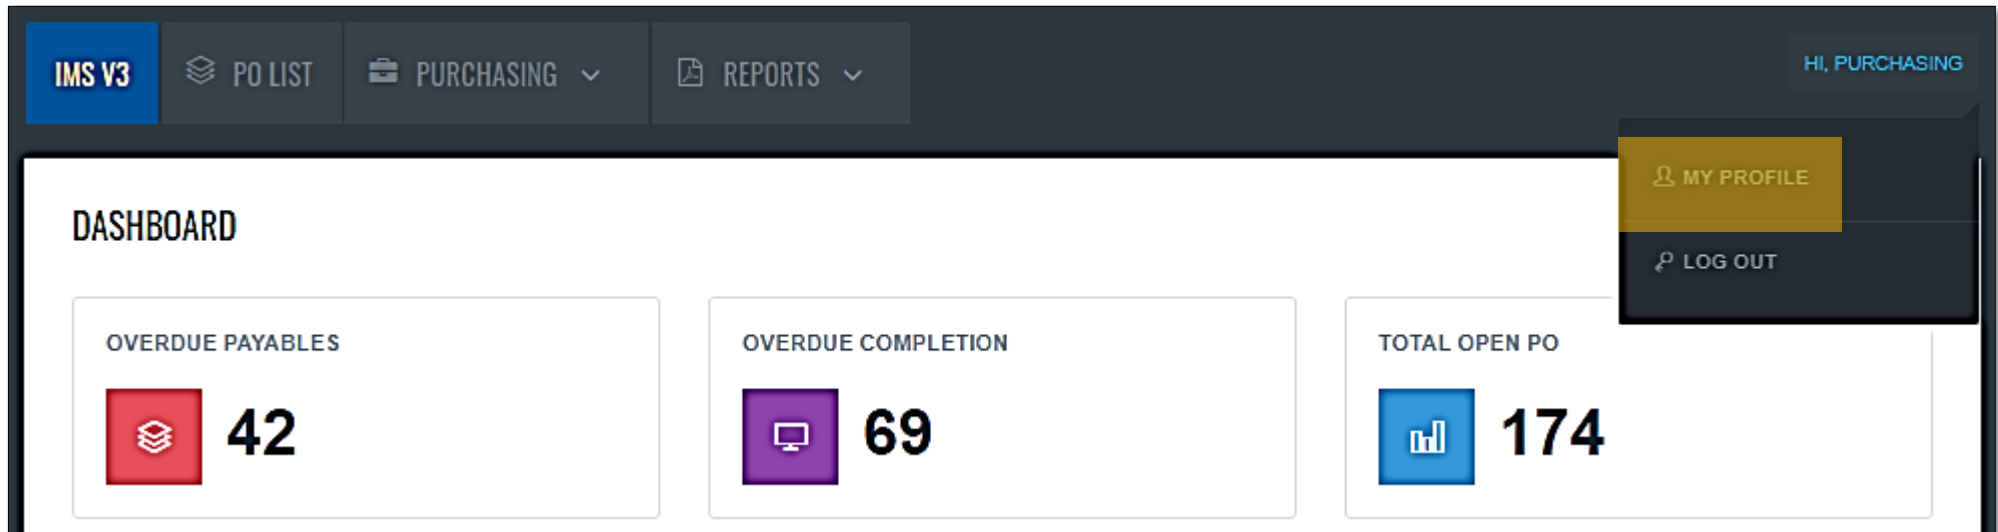

1. Go to the web address of the PMC – **Indent Monitoring System**.
2. Enter the following information:
 - **Domain Account**
 - **Password**
3. Click on the **Login** button to complete the process.

Admin Sign-in Page

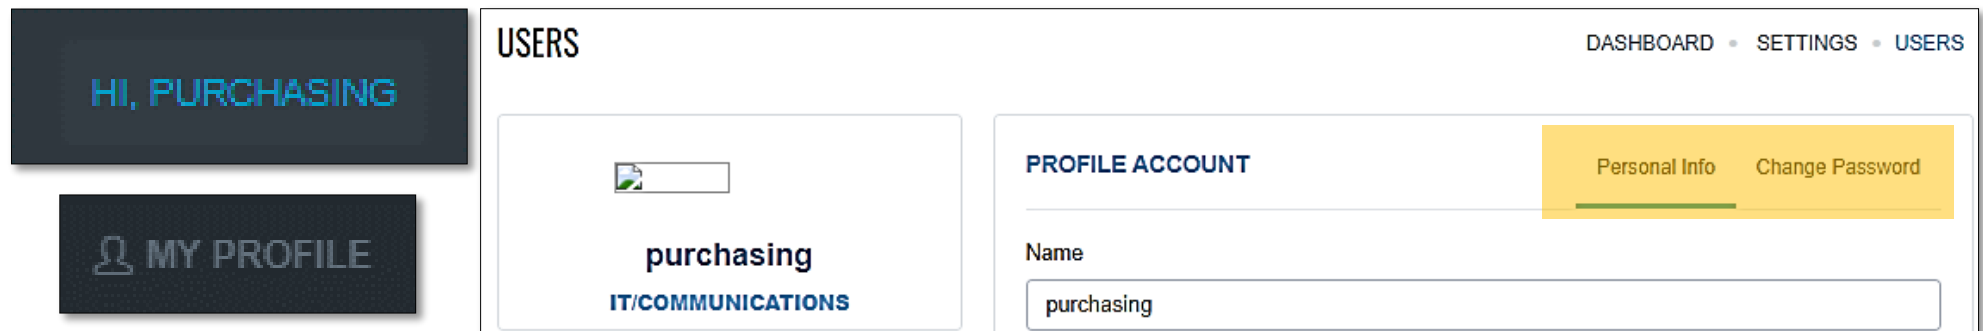

The image shows the Admin Sign-in Page for the Indent Monitoring System (IMS v3). The page has a blue background. On the left, there are two input fields: the top one is for the domain account, with a user icon and the text 'purchasing'; the bottom one is for the password, with a lock icon and masked characters. Below these fields is a yellow 'SIGN IN' button. To the right of the input fields, the text 'IMS v3' is displayed in large white letters. At the bottom left, the copyright notice '© 2021 PHILSAGA MINING CORPORATION' is visible.

My Profile

It is a Module that allows you to view your profile and change your password.

- Click on the **My Profile** option, and choose Personal Info or Change Password.

MY PROFILE

The screenshot shows the IMS V3 dashboard. At the top is a dark navigation bar with links for 'IMS V3', 'PO LIST', 'PURCHASING', and 'REPORTS'. On the right, it says 'HI, PURCHASING'. A dropdown menu is open for the user, showing 'MY PROFILE' and 'LOG OUT'. Below the navigation bar is a 'DASHBOARD' section with three cards: 'OVERDUE PAYABLES' with a red icon and the number 42, 'OVERDUE COMPLETION' with a purple icon and the number 69, and 'TOTAL OPEN PO' with a blue icon and the number 174.

Category	Value
OVERDUE PAYABLES	42
OVERDUE COMPLETION	69
TOTAL OPEN PO	174

My Profile (Personal Info)

The screenshot shows the 'My Profile' page under the 'USERS' section. The breadcrumb trail is 'DASHBOARD > SETTINGS > USERS'. On the left is a user card for 'purchasing' in the 'IT/COMMUNICATIONS' department. The main area is titled 'PROFILE ACCOUNT' and has two tabs: 'Personal Info' (active) and 'Change Password'. The 'Personal Info' tab contains the following fields:

- Name: purchasing
- Domain: purchasing
- Role: read write
- Department: IT/COMMUNICATIONS
- Access Right: purchasing

At the bottom of the form is a 'Cancel' button.

CHANGE PASSWORD

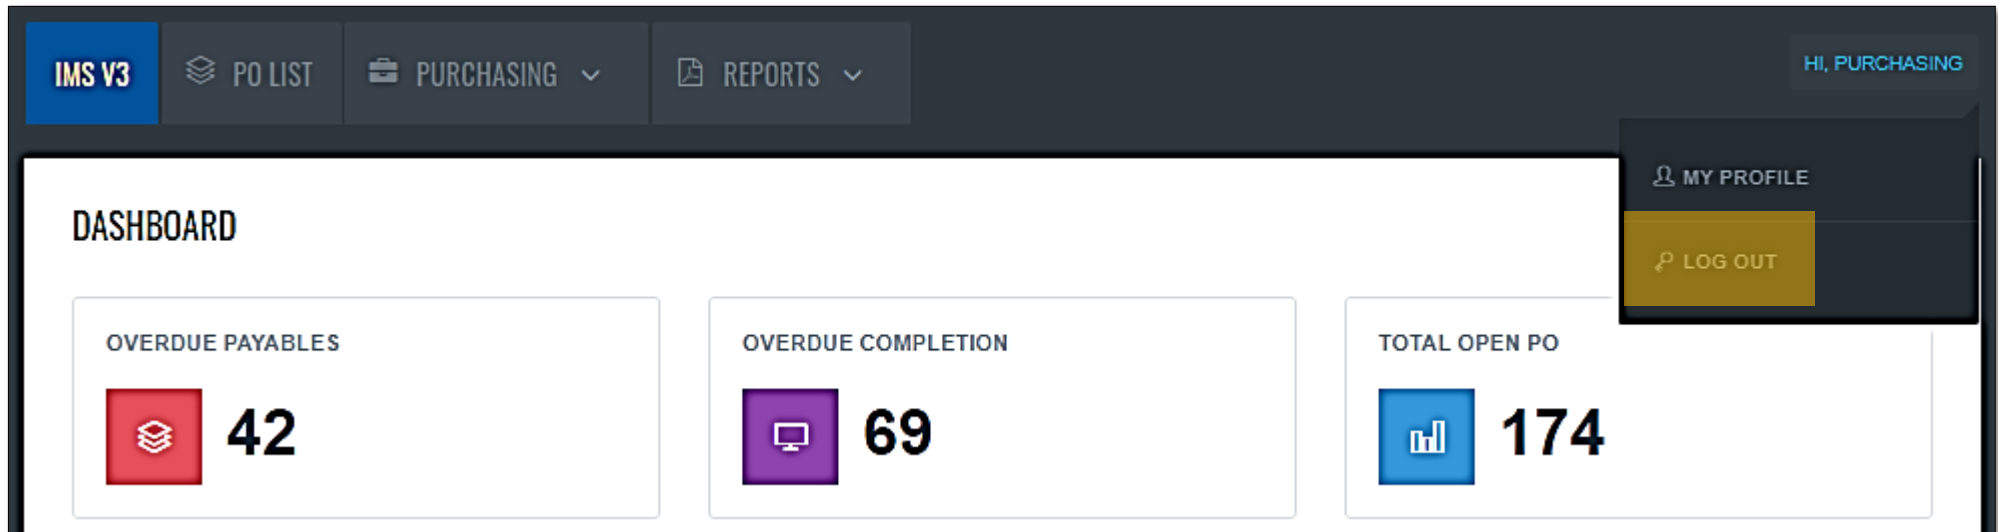

The image shows a screenshot of the IMS V3 dashboard and a modal window for changing a password. The dashboard at the top left includes a navigation bar with 'IMS V3', 'PO LIST', 'PURCHASING', and 'REPORTS'. Below this is a 'DASHBOARD' section with three cards: 'OVERDUE PAYABLES' (42), 'OVERDUE COMPLETION' (69), and 'TOTAL OPEN PO' (174). On the right side of the dashboard, there is a 'MY PROFILE' button and a 'LOG OUT' button. The modal window, titled 'USERS', is open over the dashboard. It has a breadcrumb trail 'DASHBOARD > SETTINGS > USERS'. The modal is divided into two sections: 'PROFILE ACCOUNT' and 'Change Password'. The 'Change Password' section is active and contains three input fields: 'Current Password *', 'New Password *', and 'Confirm Password *'. Below the 'New Password *' field, there is a red text requirement: '(Min. 8, alphanumeric, at least 1 upper case, 1 number and 1 special character)'. At the bottom of the modal, there are two buttons: 'Change Password' (highlighted in yellow) and 'Cancel'.

Change Password

Change Password is a feature that allows users to change the password for security purposes.

- Found on the top right of the Dashboard (**Hi, Purchasing**) wherein you have the option to Change Password, but you must provide the old password to do so.
- Click on the **Change Password button**, then you will be routed to the login page. Log in using your new password to access the admin portal.

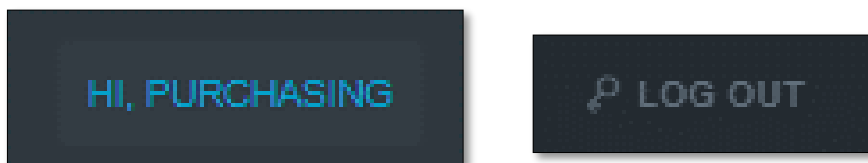

Log-out

It is a Module that allows you to end access on the system. Logging out informs the system that the current user wishes to end the **login** session.

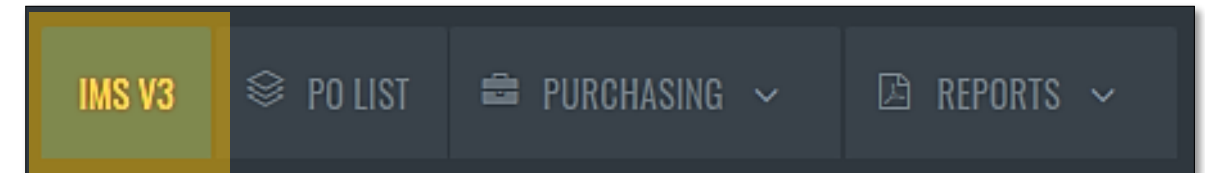

- **Logout** is a feature that allows users to Log out of the admin portal.
- Click on the **Logout** option, and it will route you to the login page.

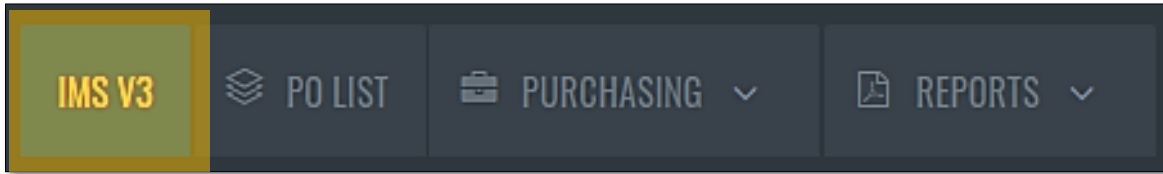

Chapter 2

DASHBOARD

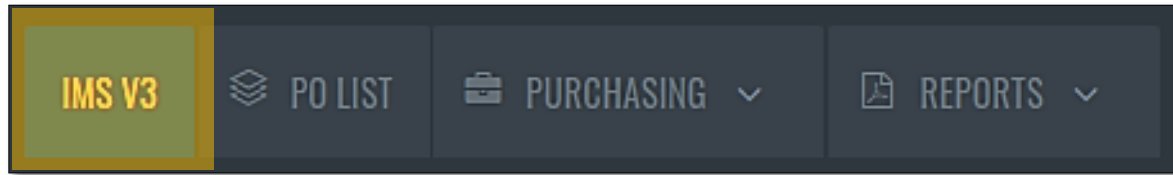

Dashboard

An **Indent Monitoring system** module that displays information and statistics on data to manage PMC's indent purchases efficiently.

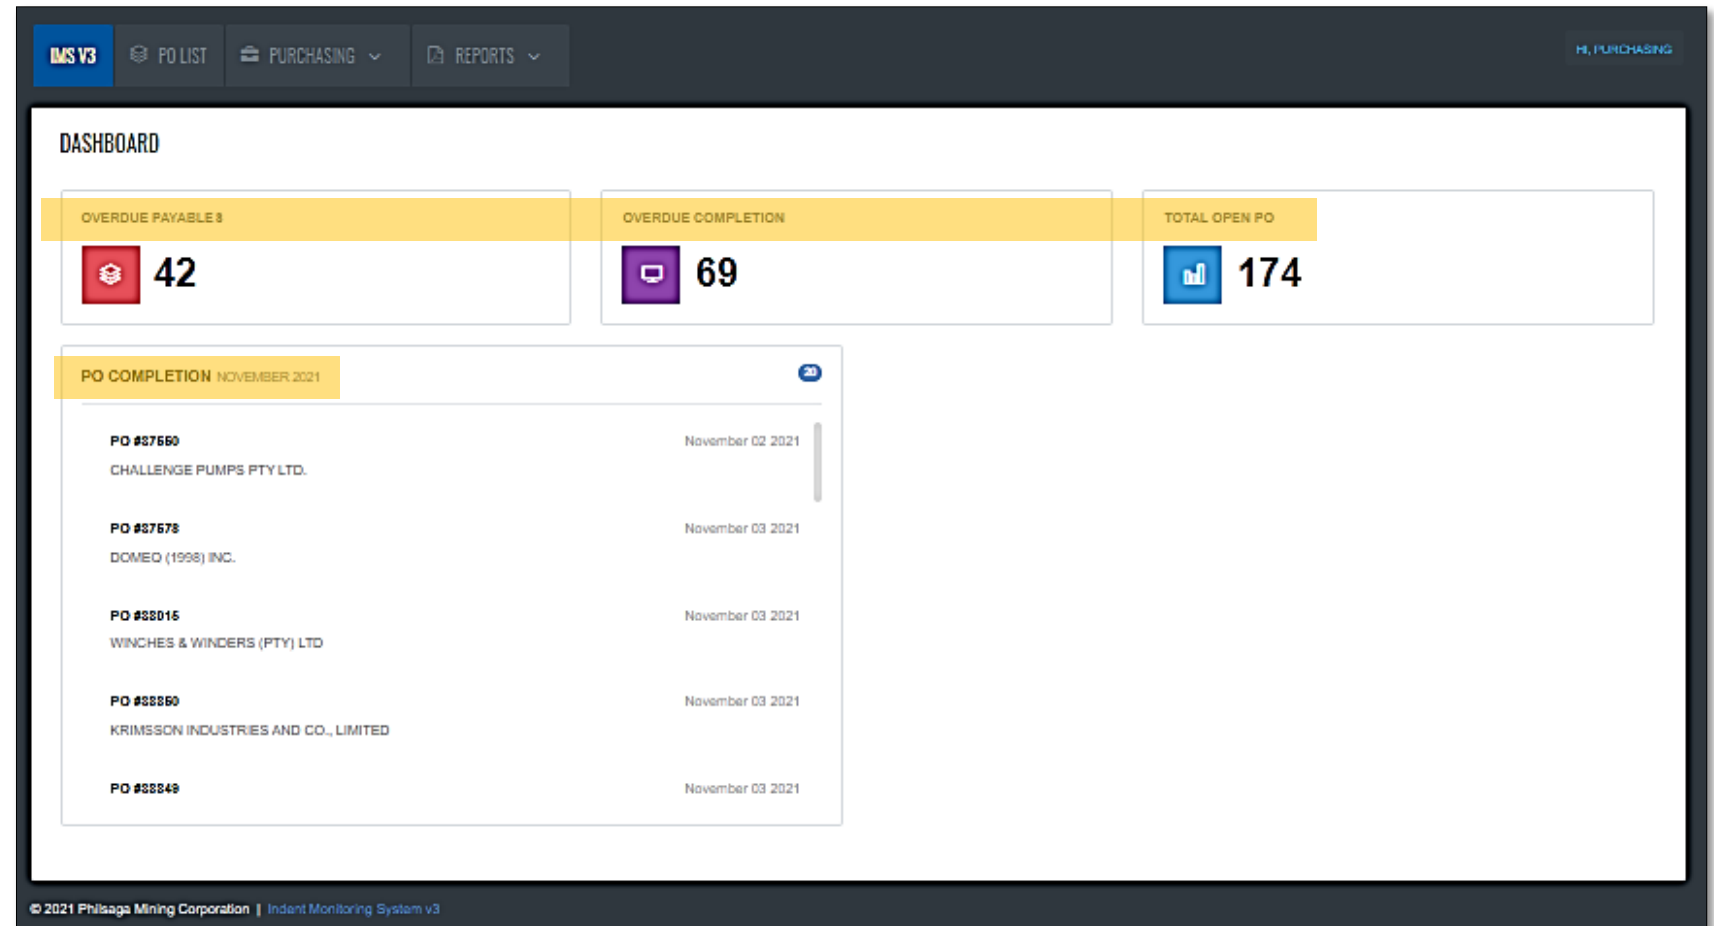

- Dashboard stands as the home page of the system.
- The IMS Dashboard consists of four (4) important details. These are the following:
 - ☐ Overdue Payables
 - ☐ Overdue Completion
 - ☐ Total Open PO
 - ☐ PO completion

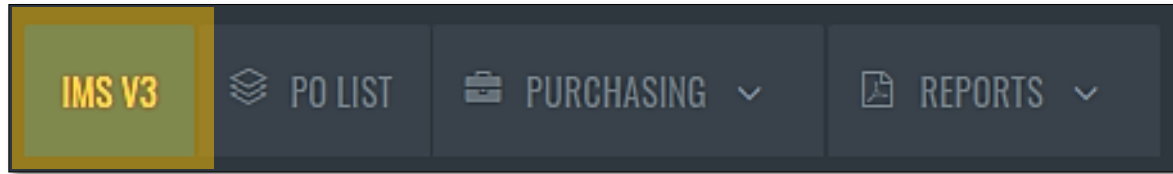

DASHBOARD

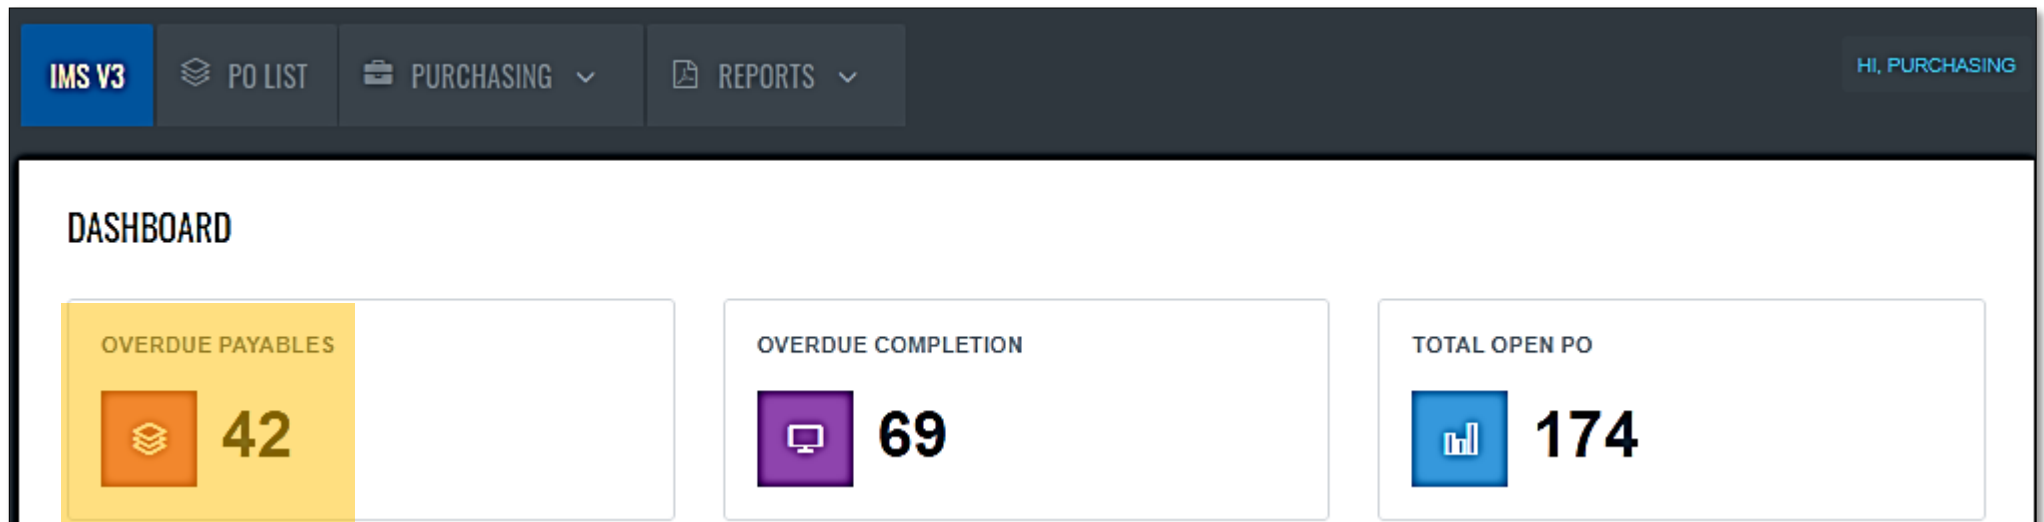

- Overdue Payables
- Overdue Completion
- Total Open PO
- PO completion

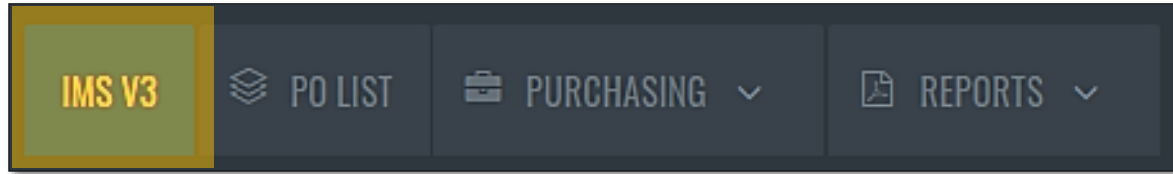

DASHBOARD - Overdue Payables

1. Go to the Dashboard (IMS V3 tab), and click the **Overdue Payables**.
2. The **Overdue Payables** screen will appear.

3. You may use the **Pagination** field to view more Overdue Payables records shown by the system.
4. Click on the Export button to generate an excel file.

DASHBOARD – PO Status

1. Go to the Dashboard (IMS V3 tab).
2. You may view the PO Completion on the lower half of the screen.

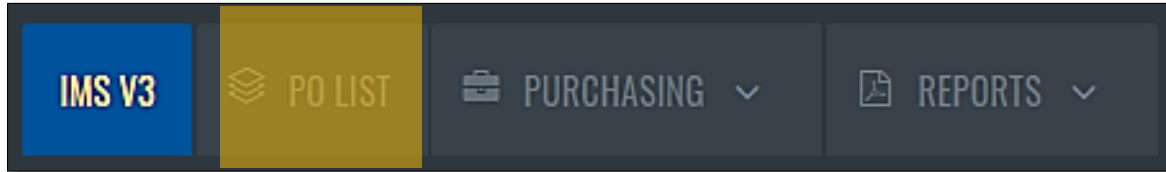

Chapter 3

PO LIST

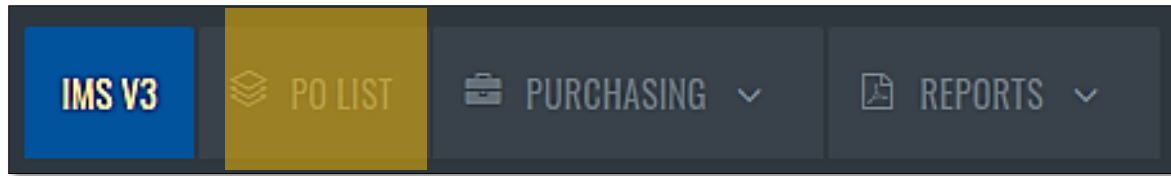

PO List

An **Indent Monitoring system** module that allows you to track the Purchase Order (PO). A purchase order (PO) is a commercial document and an official offer issued by a buyer to a seller indicating types, quantities, and agreed prices for products or services. It helps an establishment to control the purchasing of products and services from external suppliers.

- This module gives the user accurate reporting, KPI monitoring for each waybill, PO movement reports, and shows an updated database.
- It helps businesses manage the entire PO cycle, from creation to purchase order approval. These purchase order trackers offer the procurement team a way to be efficient in purchase order processing.
- The system helps standardize the process. It ensures compliance with policies, regulations, and contracts.

PO Summary List

1. Go to **PO List** to view the PO summary list.

PURCHASING

Purchasing

An **Indent Monitoring system** module that allows you to create a purchase order and manage suppliers. This module consist of the following submodule:

- ☐ Create PO
- ☐ Manage Suppliers
- ☐ Purchasing KPI

- Purchasing department or the procurement department aims to build financial stability by optimizing its operations with resources.
- Having a system to monitor data can help to fulfill their strategic and operational needs.
- In addition to sustaining operations, all goods and services procured by the purchasing department must also be compliant with industry standards and company policies.

Add New PO

1. Go to **Purchasing**, and choose the **Create New PO** option.
2. Enter all the necessary information.
3. Click on the **Save** button to proceed or click the **Cancel** button to cancel the procedure.

Add a Supplier

1. Go to **Purchasing**, and choose the **Manage Suppliers** option.
2. Enter all the necessary information.
3. Click on the **Save** button to proceed or click the **Cancel** button to cancel the procedure.

A screenshot of a web application form titled 'DEFAULT FORM' for adding a supplier. The form is located under the breadcrumb 'DASHBOARD > PURCHASING > SUPPLIERS'. It contains several input fields: 'Supplier Code *' and 'Name *' at the top; 'Contact *' (with sub-fields 'Tel # / CP # / Email', 'Contact Person *' (with sub-field 'Name'), and 'LTO Validity *' (with sub-field 'LTO Validity')); and a large 'Address *' field at the bottom. At the bottom right, there are two buttons: 'Cancel' and a green 'Save' button with a checkmark icon.

Edit a Supplier's Information

1. Go to **Purchasing**, and choose the **Manage Suppliers** option.
2. You may use the **Search (Search Supplier)** field to limit the records for viewing or trim down records shown by the system, or the **Pagination** field to view the next page.
3. Click on the **Edit** icon to modify or update the details on a specific Supplier.

REPORTS

Reports

An **Indent Monitoring system** module that allows you to view and manage important information on your admin portal. This module consists of the following information:

- Delivery Status Per Waybill
- PO per Status
- Overdue Deliveries
- Overdue Payables
- Overdue Completion
- Error Logs
- User Actions

This module will give you insights on a complete tracking and management of Delivery and Purchase order status. Also, to track the overdue Deliveries, payables, and completion.

View the Delivery Status Report

1. Go to **Report** and choose the **Delivery Status** option.
2. The list of the **Deliver Status Per Waybill** will appear.
3. You may use the **Drop-Down Field** and the **Filter Field** (Date From – Date To) to limit the records for viewing or trim down records shown by the system.
4. Click on the **Export** button to generate an excel file.

Report (Print and Copy)

- Click on the **Print** button to print the Report. A **print** screen will appear showing the List and printer settings.

- Click on the **Copy** button to print a copy of the Report.

Report (Records can be exported in the following file format)

- **PDF** (Portable Document Format) – It is a file format that has captured all the elements of a printed document. It is an electronic image that you can view, navigate, print, or forward to another person.
- **Microsoft Excel** – It is a popular spreadsheet program used with data like numbers and formulas.
- **CSV** (Comma-Separated Values) – It is a file format that saves data in a tabular form.

- **Columns** – It is where you can change what comes out of the first column on the list.
